Morton #709 sent a food service survey to all the students to provide their feedback on the new in-house food service program lunch food. We received over 800 responses! Some of the changes we have implemented are:

- Getting strawberry milk
- Add spices and seasonings to the condiment tables at MJHS & MHS
- Finding new packaging to help the food stay fresh
- Swapping some unpopular salads with sandwiches
- Updating the daily entree rotation at MJHS

Be on the lookout for more changes to come!

Your Cafeteria- 709 Food Service Logo Contest

The Food Service Logo Contest winner has been chosen! Stay tuned to find out who won and their logo!

Local

Morton #709 received funding for this school year from the USDA to purchase local, unprocessed or minimally processed foods from local farms. This can include fresh fruits & vegetables, rice, meats, dairy, & honey. Stay tuned for more information on the local foods and their farms!
