Dr. Hill-

I decided to share with you that I have received complaints/reports regarding current students. I have encouraged the students to make formal complaints.

If these prove to be civil rights violations, I will refer these kids to counsel. As I stated before, child abusers don't stop abusing, especially when they have been given the green light by facing little or no consequence.

I don't enjoy this. I feel a responsibility. I'm sorry that the school allowed her to continue, even after all of the reports.

I hope the school finally faces consequences, along with Mrs. Johnson, and those that had a responsibility to protect kids.

Stay tuned. We may be forced to have more protests, along with media coverage. It is sickening that people within the community have to go to these measures to protect kids, because the school officials won't.

Tammy,

Any concerns that a student or parent has about a teacher at MHS should be brought to Principal Ripka.

Thank you,
